

ICELAND'S ICT3 REPORT

On October 1-4, 2023, we participated in and at the same time organized a short-term mobility of the Erasmus+ project "International ICT Competitions III for Increasing the Quality of Secondary Education" (International ICT Competition III. year) in Iceland.

Four students and two teachers from each school attended the meeting.

In the morning of Sunday October 1st, the visiting participants were picked up by bus at their hotels in Reykjavík and at Keflavík airport. On the way to Sauðárkrókur we visited FlyOver Iceland and went sightseeing in Reykjavík, visited the Settlement Museum in Borgarnes and stopped for dinner at Teni Restaurant in Blönduós. Upon arriving in Sauðárkrókur the students went to stay with their hosts.

On Monday the assistant headmaster welcomed our guest and then the students were drawn into teams of two with each team made up of students from different schools. The students then had a workshop where the teams designed their logo and printed it on t-shirts. There was also a tour of the school and after lunch we visited the local dairy factory and walked around Sauðárkrókur.

The first part of the competition was on Tuesday morning where students created a questionnaire using Google Forms and a flyer using Canva. During the competition the teachers had a meeting about the project. After the competition we went on a trip around the Tröllaskagi peninsula visiting Genis, a biotechnology company in Siglufjörður, Brynja, the iconic ice cream store in Akureyri, and Akureyri swimmingpool.

On Wednesday we had the second part of the competition where the students created a website for a fictitious travel agency using Webnode. After the competition the students had a workshop in filmmaking and the teachers graded the products of the competition. The winners were Hugo from Spain and Mateusz from Poland, in second place were Elías from Iceland and Lukáš from the Czech Republic and in third place Gabriela from the Czech Republic and Sara from Spain. Full results are in a table below.

After lunch on Wednesday we visited the VR museum "1238: The Battle of Iceland" and in the evening there was a dinner party at KK Restaurant where prizes and diplomas were handed out.

On Thursday morning it was time to say goodbye although some teams stayed in Sauðárkrókur until Friday to do some sightseeing.
